

Aminata Ibraheem

IT Support and Customer Service Specialist

Accra, Ghana | (+233) 541611322 | ibamena43@gmail.com | [linkedin.com/in/aminata-ibraheem-37bb64366](https://www.linkedin.com/in/aminata-ibraheem-37bb64366)

PROFESSIONAL PROFILE

Detail-oriented and resourceful technology professional with hands-on experience in desktop infrastructure, network troubleshooting, and cross-functional user support. Proven ability to translate academic frameworks into scalable IT solutions, resolve complex system blockers under operational pressure, and manage high-volume customer interactions across online and phone channels. Highly adaptive team player combining solid data literacy with a commitment to maintaining 100% operational uptime and user satisfaction in structured technical environments.

AREAS OF EXPERTISE

Technical Troubleshooting & Issue Resolution | Desktop & Hardware Support | Network Configuration (CCNA Frameworks) | Data Analytics & Reporting | Customer Service & Call Center Operations | System Updates & Deployments | User Training & Documentation | Cross-Functional Collaboration

KEY ACHIEVEMENTS

Sustained High Infrastructure Uptime During Public Sector National Service

Managed day-to-day configuration, deployment, and systemic troubleshooting of workstations, printing hardware, and software assets at the Youth Employment Agency, maintaining consistent operational readiness for internal staff and end users.

Accelerated IT Lab Deployments & Academic Onboarding

Coordinated setup mechanics for central computer labs at Ghana Communication Technology University during an intensive internship, minimizing operational delays and providing immediate multi-user technical assistance to students and faculty.

Optimized Client Engagement Tracking & Retention Campaigns

Spearheaded targeted outbound communication strategies at IPMC College of Technology, successfully upselling training solutions and document management flows while systematically tracking complex issues for senior team resolution.

PROFESSIONAL EXPERIENCE

Youth Employment Agency (YEA)

2024 – 2025

IT Support Personnel (National Service) & Customer Service Specialist

Accra, Ghana

- Provided high-volume technical support, incident triage, and hardware/software troubleshooting for agency staff and end users.
- Installed, configured, and optimized computer systems, printing peripherals, and localized network applications to protect daily uptime.
- Isolated and resolved complex network, application, and operating system faults to guarantee smooth organizational performance.
- Managed systematic software update schedules, installations, patches, and preventative routine maintenance protocols.
- Educated and onboarded staff on fundamental troubleshooting techniques, technical guides, and safe IT infrastructure usage.

Ghana Communication Technology University (GCTU)

2023 – 2024

IT Support Services Intern

Accra, Ghana

- Delivered dedicated frontline support to university staff and students, accelerating technical block resolutions.
- Owned configuration and physical setup flows across key computer labs, verifying networking parameters and hardware alignments.
- Participated actively in enterprise technology trainings, code frameworks, and specialized technology workshops.

Black Star Line Film Festival

Oct 2022 – Dec 2022

Event Operations Volunteer

Accra, Ghana

- Streamlined multi-channel guest registration, venue entry navigation, and check-in workflows.
- Coordinated time-critical scheduling guidance, real-time logistics mapping, and operational event timelines.
- Served as a dedicated operational contact for international filmmakers and VIP attendees during session tracking.

IPMC College of Technology

Oct 2022 – Dec 2022

Call Center Representative

Accra, Ghana

- Cultivated sustainable professional relationships with customer cohorts, executing corporate retention and upselling campaigns.
- Documented client inquiries and successfully escalated unresolved software, course, or network issues using internal procedures.
